Zerust VCI Film

Zerust VCI Gusset Bag

Zerust VCI Film and Bags

- Flat Bags, Gusset Bags, Zipper Bags, and Auto Bags
- Sheeting, Tubing, Sleeves, and Tote Covers
- Heat Shrink, Skin Packaging, Cold Seal and Stretch Film
- High Strength, UVI, Outdoor, and Anti-Static Films
- Cushioning Film and Foam Sheeting
- Custom Sizes, Colors and Printing Available

Zerust VCI Kraft Paper

Zerust VCI Kraft Paper Sheets

Zerust VCI Kraft Paper

- 30#, 35# and 40# Multimetal Kraft Paper
- Ferrous Poly Laminated Kraft Paper
- Stock Rolls and Cut Sheets Available
- Special Order up to #170 Weight
- Custom Sizes, Weights and Printing Available

Zerust VCI Vapor Diffusers

Zerust Fast Acting ActivPak®

Zerust VCI Diffusers

- VCI Vapor Capsules
- ActivPak® Fast-Acting VCI Packets
- ActivCapsule™ and ActivTab™ Flash-Corrosion Inhibitors
- Pipe Strips, Tube Strips, Plastabs®
- ActivPowder™ Flash Corrosion Inhibitor Powder

Zerust VCI Oil Spray-On RP

Zerust Rust Remover Results

Zerust RP Coatings and Rust Removers

- VCI Oils, Rust Preventative Greases, Oil-, Solvent-, Water- and Bio-Based
- Spray-On, Brush-On and Dip Application Options
- High-Pressure Wash Cleaners and Water Conditioners
- Rust Removers for Light, Medium and Heavy Corrosion

050-F-00003	6" x 8"	1000	15 lbs
050-F-00021	10" x 12"	1000	34 lbs
050-F-00004	12" x 18"	500	31 lbs

Safety

Safe for people. This product does not pose a health hazard to users due to its classification as an article according to EU REACH, UN GHS, US OSHA HazCom and CA WHMIS regulations.

Zerust VCI chemistry is safe for sensitive electronics. No galvanic effects, residues or changes in the properties of metals. The protective molecules dissipate upon opening of package.

Benefits

Effective corrosion protection and packaging combined in one step

Metals are ready for use and assembly directly out of the packaging

Available in many different formulations and sizes

Provides safe and effective Zerust VCI protection.

Zerust®/Excor® VCI Kraft Paper

Zerust Multimetal VCI Kraft Paper (Printed w/ Zerust Trademark)

Use Zerust VCI Kraft Paper to wrap and protect metals in shipment or storage. The paper is fully saturated and is ideal for interleaving applications. Available in stock 35#, 40# and 60# rolls and 35# pre-cut sheets and upon request in additional sizes and weights between 30# and 170#.

Stock No.	W x L	Weight	Quantity
300-M-00005	36" x 200 Yards	35#	25 lbs/Roll
300-M-00006	48" x 200 Yards	35#	32 lbs/Roll
300-M-00032	12" x 12" Sheets	35#	2,000 sheets/Box
305-M-00020	36" x 200 Yards	40#	28 lbs/Roll
305-M-00021	48" x 200 Yards	40#	37 lbs/Roll
313-M-00024	36" x 200 Yards	60#	41 lbs/Roll
313-M-00020	48" x 200 Yards	60#	54 lbs/Roll

All paper exceeds 3Ab MIL-PRF-3420 performance requirements

Zerust 35# Ferrous VCI Poly Kraft Paper (Not Printed w/ Zerust Trademark)

Zerust ICT420-35P is a kraft packaging paper coated with a polyethylene layer containing Zerust Vapor Corrosion Inhibitors (VCIs). Zerust VCI Poly Kraft Paper provides powerful corrosion protection to ferrous metals such as iron, cast iron and steel. Available upon request in cut sheets.

Stock No.	W x L	MIL	Wt/Roll
300-F-00024*	24" x 200 Yards	1	44 lbs
300-F-00002	36" x 200 Yards	1	35 lbs
300-F-00025	48" x 200 Yards	1	44 lbs

*Must order in multiples of two rolls

Zerust 430-35 Poly Coated Reinforced VCI Paper (Not Printed w/ Zerust Trademark)

Zerust ICT 430-35PCR VCI Paper is a high-quality 35# kraft paper that is saturated on one side with proven Zerust corrosion inhibitors and laminated with a 3/4 mil polyethylene layer and fiberglass scrim on the back side to provide superior strength. ICT430-35PCR protects ferrous, non-ferrous, and multimetal parts.

Stock No.	W x L	Weight	Wt/Roll
300-M-00312	48" x 200 Yards	3/4 mil/35#	48 lbs/Roll
300-M-00319*	24" x 200 Yards	3/4 mil/35#	48 lbs/Roll

*Up to 7 day turn. Call to confirm

Zerust 35# 427 VCI Kraft Paper (Printed w/ Zerust Trademark)

Zerust ICT427 VCI Kraft Paper is formulated to provide more robust corrosion protection for demanding situations such as high-humidity and for challenging metal parts. Use Zerust VCI Paper in interleaving applications and to wrap and protect metals in shipment or storage.

*Test before use on zinc and cadmium. Check with your Zerust technical representative for details.

Safety

Safe to use and handle. Product is not hazardous for people or the environment according to EU (CLP) or OSHA HazCom 2012 (US GHS).

Product in unopened original container prior to use does not meet criteria for hazardous waste according to 40 CFR 261 (no components listed on F, K, P or U lists; not ignitable, not corrosive, not reactive and not toxic).

Benefits

Safely removes rust

Cleaned metals are ready to be painted or welded

Compatible with most metals, painted surfaces, rubber and elastomers

No VOC's, CFC's, silicones or heavy metals

Zerust® Rust Removers

Zerust AxxaClean™ 3048

Zerust AxxaClean 3048 is a fast-acting rust and tarnish remover. It rapidly removes medium to heavy corrosion even in cracks and crevices. Cleaned surfaces are free of black-carbon residue and resistant to flash-corrosion.

Stock No.	Product	Type	Sizes
350-M-00021	AxxaClean 3048	Immersion	1*, 5*, 55 gal*
350-M-00022	AxxaClean 3048	Brush-On	8 oz*, 1*, 5*, 55 gal*

AxxaClean ICT® 620-RR

Zerust/Excor AxxaClean ICT620-RR is an effective and safe rust remover that recovers rusted parts. Simply soak items in the ready to use liquid to remove rust on surfaces and in hard to reach areas. Treatment time depends on the severity of the rust.

Stock No.	Product	Type	Sizes
350-F-00002	AxxaClean ICT620-RR	Immersion	1*, 5*, 55 gal*

Zerust Cleaners

AxxaClean HPW-100C

Zerust AxxaClean HPW-100C is a liquid, high-pressure wash additive used to prevent flash corrosion after cleaning processes. It provides powerful deactivation of ionic contaminants, such as highly corrosive chlorides and sulfates on metal surfaces.

Stock No.	Product	Type	Sizes
350-F-00007	AxxaClean HPW-100C	Concentrate	5, 55 gal*

AxxaWash™ NW-10C

AxxaWash NW10-C is a metalworking wash and rinse fluid that cleans and deactivates sources of corrosion such as chlorides, oils and contaminants. Cleaning with the wash solution enhances the effectiveness of future corrosion prevention methods.

Stock No.	Product	Type	Sizes
350-W-00001	AxxaWash NW-10C	Concentrate	5, 55 gal

* Possible 7 day lead time. Call to confirm.
Products sold in 1 gal come in case of 4.
Products sold in 8 oz come in case of 12.

Zerust Vapor Capsules™

Zerust/Excor Vapor Capsules are portable capsules that diffuse patented Zerust VCI technology. Use to protect metals in hard to reach areas of control panels, electrical cabinets and other enclosed spaces, even when they are in operation. Or use as a supplement to other Zerust VCI packaging products for added protection.

Stock No.	Model	Units/Case
375-M-00006	VC1-1(S)	50
375-M-00001	VC1-1	50
375-M-00002	VC2-1	25
375-M-00003	VC2-2	10
375-M-00004	VC6-1	4
375-M-00005	VC6-2	4

Zerust Open Cell VCI Foam

Zerust/Excor Open Cell VCI Foam Pads are a convenient way to provide added corrosion protection in packaging. The foam pads are pre-cut, flexible and easy to insert into small spaces. They diffuse Zerust Vapor Corrosion Inhibitors (VCIs) to protect ferrous metals from corrosion, as well as multimetals.

Stock No.	Model	Units/Case
375-F-00007	2" x 5" x 1/4"	1000
375-F-00008	2" x 5" x 1/4"	100

Zerust Pipe Strip™

Zerust Pipe Strips are a residue-free, long-term corrosion protection system for the interior surfaces of ferrous and non-ferrous pipes during shipment, storage or work-in-progress. Zerust Pipe Strips are Zerust Vapor Capsules assembled on long plastic strips that can be made to any length.

Stock No.	Model	Description	Units/Case
525-M-00001	PS2-10	40' strip with 10 capsules on 4' centers)	1 strip/pack
525-M-00002	PS2-16	40' strip with 16 capsules on 2.5' centers)	1 strip/pack

Safety

Safe for people. This product does not pose a health hazard to users due to its classification as an article according to EU REACH, UN GHS, US OSHA HazCom and CA WHMIS regulations.

Zerust VCI chemistry is safe for sensitive electronics. No galvanic effects, residues or changes in the properties of metals. The protective molecules dissipate upon opening of package.

Zerust Plastabs®

Zerust Plastabs protect interior surfaces of your shipment by diffusing Zerust VCI. They are easy to use, safe for electronics and come in different sizes designed for small spaces.

Stock No.	Model/Dimensions	Units
425-M-00001	1" x 1"	1000/case
425-M-00002	0.75" x 0.75"	1000/case
425-M-00003	0.50" x 0.50"	1000/case
425-M-00004	0.75" x 0.75" w/adhesive	1000/case
425-M-00005	1" x 3" w/printing	10/pack
425-M-00006	1" x 3" w/printing	1000/pack

Zerust Tube Strip™

Zerust/Excor Tube Strip can help reduce repair and maintenance costs by preventing corrosion within tubes, pipes and gun barrels. Tube Strip is a flexible plastic product that diffuses Zerust Vapor Corrosion Inhibitors (VCIs). It can be cut to any length and fits into narrow tubes and pipes and other enclosed spaces.

Stock No.	Model	Packaging
475-F-00001	1,000 ft/roll	Rolls

Zerust Cor-Tab®

Zerust/Excor ICT Cor-Tabs are tablets that contain patented Zerust ICT corrosion inhibiting technology to provide targeted corrosion protection to ferrous and non-ferrous metal items.

Stock No.	Model/Size	Tabs/Bottle
450-M-00001	CT-25 (.25 gm)	600
450-M-00002	CT-50 (.50 gm)	300

*The numbers listed in commas represent the last digit in part number for alternate case quantities.

Zerust ActivCapsule™ and ActivTab(LS)™

Prevent flash-corrosion on freshly worked metal surfaces with Zerust/Excor ICT ActivTab(LS). The tablets can be dropped into spaces and contain proven Zerust ICT corrosion inhibitors. The tablets work fast to protect ferrous and aluminum metals against flash-corrosion.

Stock No.	Model	Units
375-M-00106	ActivCapsule FAC1-1(s)	50 capsules/case
450-M-00100	ActivTab(LS) AT-25	600 tablets/bottle (8/case)

Zerust ActivPowder™

The Zerust/Excor ActivPowder(LS)-10F is a VCI (Volatile Corrosion Inhibitor) powder designed to protect metal surfaces in large voids from corrosion. This self-fogging powder combines VCI protection with a Flash Corrosion Inhibitor (FCI™) to protect against flash rust and provide long-term corrosion protection.

Stock No.	Product	Sizes
460-F-00003	ActivPowder(LS)-10F	30 lb pail*
460-F-00004	ActivPowder-10F	30 lb pail*

Zerust® Flange & Valve Covers and Accessories

Zerust ICT Flange Saver® - 150 PSI, Clear, Transparent

Zerust ICT Flange saver offers a inexpensive, simple and rugged & transparent UV-resistant film cover designed for severe outdoor exposure. Transparent film allows for visual monitoring of corrosion and/or leaks inside the Flange Saver. Sized to fit standard flanges; custom sizes may be special ordered.

Stock No.	Pipe Size	Units/Case
880-F-00001	2"	20
880-F-00003	4"	20

Other sizes available upon request.

250-X-00001	White preservation tape 7 mil 144 mm x 55 m	8 rolls

What is VCI?

VCI is an abbreviation for Vapor Corrosion Inhibitor or Volatile Corrosion Inhibitor. VCIs are molecules that inhibit corrosion by forming a thin, protective layer on a metal surface within an enclosed space. This invisible layer prevents moisture and environmental elements from reacting with the metal surface and causing corrosion. The molecules dissipate when the enclosure is opened and do not need to be removed.

"In effect, the ZERUST® VCI corrosion protection applies and removes itself."

Why Choose Zerust®/Excor®?

In today's competitive global marketplace, your metal products must travel thousands of miles through aggressive atmospheres, extreme daily changes of humidity and temperature, and possibly extended storage before your customers ever see them.

Zerust packaging solutions will resolve your corrosion problems while increasing your company's profitability by reducing operating costs, increasing process yields, and enhancing your customers' satisfaction. In some regions of the world, Zerust is also known as EXCOR due to language differences.

Zerust/Excor field engineers on four continents use decades of accumulated applications experience to:

- Identify and resolve corrosion causes in processes.
- Eliminate unnecessary packaging and materials handling processes.
- Design optimal customer corrosion management solutions.
- Provide point-to-point customer service in over 70 countries.

Worldwide Zerust/Excor Technical Support

Our internationally recognized scientists and field engineers work closely with customers to design and implement comprehensive corrosion management systems. Then, Zerust representatives worldwide provide on-site technical support to ensure the efficacy of these solutions. Zerust applications engineers will assist with the on-site preparation and packaging of test shipments. At its destination, the shipment will be inspected and evaluated by a global Zerust representative.

Laboratories and Test Facilities Across the Globe

The effectiveness of the proposed corrosion management system can be evaluated under extreme simulated climatic conditions in one of our many worldwide regional Zerust technical support centers. Zerust is a business unit of Northern Technologies International Corporation (NTIC). NTIC's management system is ISO 9001:2015 certified.

Other Helpful Zerust/Excor Literature

ZCIS- The Zerust Corrosion Inhibitor System

Z-CIS is the proven **Zerust Corrosion Inhibitor System** methodology for deploying programs necessary to ensure the protection of metal product shipments in transit around the world. It works with the complex multiple internal and external entities involved in every part of the supply chain. Z-CIS is proven to meet the rust-free and "smoke-free" requirements of various OEMs sourcing from a global supply base. After implementing a Z-CIS system, our clients generally realize total cost savings of at least 10% and rust-free shipment yields as high as 100%. To find out more information about ZCIS download the PDF brochure.

Lab & Technical Services

We provide comprehensive corrosion consultations and lab testing services to determine the effectiveness of the proposed corrosion management system, which can be evaluated under simulated extreme climatic conditions in one of our multiple worldwide regional Zerust/Excor technical support centers. To find out more information about these services download the PDF brochure.

Series Brochures- Packaging, Diffusers, & Liquids

Zerust/Excor offers a wide range of products to solve corrosion issues. You may download our VCI Packaging and Paper, Vapor Capsules and Diffusers, or Liquids, Additives, Cleaners and Rust Removers series brochures to find out more information about these product lines.
